Attachments: TO 46 Assumable Waters SOW Mod RC 3-15-18.doc; TO 46 IGCE Assumable Waters New Task F Revised 3-15-18.xlsx

Hi Jake-

Here is a version of the TO Mod with the additions and strike-outs in red. Also attached is a revised IGCE incorporating support for the draft blueprint under "meeting summaries/reports".

When you're ready for us to move this, I'll need to work with Mike Long to help get this into EAS. Also, the cost estimate is higher than the funds we have available in the contract right now ( So, can we issue as is, and add funds later (once we see what the contractor's cost estimate is)?

I'm here today til 4, and all day tomorrow, if you'd like to discuss.

Thanks!

Ruth

Subject: RE: Revised Draft TO 46 mod & draft IGCE

Hi Ruth and Kathy,

Just a heads up that in a modification any addition to an SOW needs to be put in red. Any deletion needs to be in red ~~strike through~~. I'm sorry to be a nag about this, but our contract officer will want to see everything (every word) that is proposed to be changed.

I'll take a look at the IGCE next.

Jake

Ruth, sure give me a call 566-1269 anytime after 3:30. As for notetaker, they will provide a local person, they did for the FACA. I'm not worried about that. Thanks.

Hi Jake-

Here is a revised draft modification, incorporating your previous edits, as well as Kathy's edits on Task F. Let me know if you have any further edits.

Also, attached is a first cut IGCE for Task F, not including support for the analytic blueprint. Let me know if this seems reasonable (I used the estimate we discussed of 2-3 hr prep for each hour of meeting, and added in the travel for the facilitator as discussed.

I'll need to touch base with Kathy once more to make sure I understand what support we're expecting, so that we can include a cost estimate for that too. (**Kathy:** I know you're busy, but will try to catch up with you on this)

Re notetaker: if we can find someone local that would be great – I did not include travel \$ for a note taker.

Thanks!
Ruth
